## WIGGLE MANCHESTER HALF MARATHON SUNDAY 13TH OCTOBER 2019

On Sunday 13th October 2019, the Wiggle Manchester Half Marathon will see around 12,000 runners run through the streets of Greater Manchester. In order to facilitate an event of this size, we need to close some roads to allow the runners to move safely around the course and to make it safe for spectators to view the race. We recognise that this can be inconvenient for residents and we are working hard to minimise the disruption for you.

### IMPORTANT ROAD CLOSURE INFORMATION 13.10.2019

To ensure the safety of runners and spectators, the Manchester Half Marathon has to be run on closed roads.

The closures will be in place for as short a time as possible and we shall help you get around as much as we can, but some people will be affected. To help plan your journey, please see the map overleaf showing which roads are closed and diversion routes.

Full details of the road closures, timings and traffic order can be downloaded via the event website.

Please come out to support the runners as they pass and enjoy the entertainment along the route. There is a prize of £500 for the Best Entertainment on the route with the winner decided by the runners themselves.

Manchester Half Marathon would like to thank you in advance for taking note of the information available and planning any journeys to cause you as little inconvenience as possible.

Diversions will be in place to allow you to continue your journey.

### Carers/Additional Needs

If you have additional care needs then your carer should get in touch as early as possible in order for us to give advice and assist with access routes.
