

ROAD CLOSURES

PLEASE NOTE ALL TIMINGS ARE SUBJECT TO CHANGE.

Visit <http://www.manchesterhalfmarathon.com/road-closures> regularly in the lead up to the event for the most up to date information and a detailed interactive map of the closures. Please direct queries to roadclosures@aso-uk.com

CARERS / ADDITIONAL NEEDS

If you have additional care needs, please contact us as soon as possible so we can assist with access information and guidance. Email your requirements to roadclosures@aso-uk.com

THE A56 SOUTHBOUND WILL BE CLOSED

03:00-15:00 Deansgate Interchange to Edge Lane
07:30-12:30 Deansgate Interchange to Deansgate
07:30-15:30 Barton Road to Ashfield Road
07:30-16:00 Edge Lane to Barton Road

THE A56 NORTHBOUND WILL BE CLOSED

03:00-15:00 Edge Lane to White City Circle
03:00-16:00 Barton Road to Edge Lane
07:30-12:30 Deansgate Interchange to Whitworth Street
03:00-15:00 White City Circle to Deansgate Interchange
07:30-15:30 Marsland Road to Barton Road

BEST ADVICE

If you need to use the A56 southbound use the outer diversion route A5103 Princess Road (Princess Parkway) to avoid major disruption to your journey. If you need to access the city during the northbound closure, use A5181 Barton Road north from Urmston Lane, and then B5211 Barton Dock Road to the A57, and then follow signs for the city.

M60 JUNCTION 7 06:30 - 17:30

There is no exit from the M60 at Junction 7 in either direction. Traffic travelling in both directions that wish to leave the M60 at Junction 7 will need to leave at Junction 6, 8 or 9, depending on their destination. Access onto the M60 at junction 7 will be restricted - the anticlockwise slip road will remain accessible only for vehicles from the Stretford Meadows Estate before 09:15 and after 14:00, and the clockwise slip road will remain accessible for vehicles leaving the Sale Travelodge all day. These are only for use by drivers and vehicles that comply with motorway driving regulations.

PARKING RESTRICTIONS

There are a number of parking restrictions in place between 23:59 on Saturday 11 October until 20:00 on Sunday 12 October. The exact details are specific to each area. Specific information will be displayed on roads across the route in the final weeks before the event, and is also available on the interactive map online.

PUBLIC TRANSPORT

Road closures will be in effect along the route and those tram stations that are open will be very busy. Many bus services will also be diverted due to the closures. Please plan additional time for your journey and check all routes in advance. We recommend using the Metrolink to travel to, from and around the race. The finish area around the Talbot Road area gets very crowded and so we would ask that if you are planning to watch the event that you do so from elsewhere along the route. For further details, please visit www.tfgm.com

VEHICLE CROSSING POINTS

Please see the map overleaf and the interactive map online for further details. Vehicle Crossing Points are open for set times only and not throughout the event. In some unavoidable circumstances, access may be slightly delayed or shorter than stated.

UNAUTHORISED ACCESS

Please be aware that a road closure notice is an enforceable legal order; this means driving and riding on the route when unauthorised to do so will result in Police action. The same applies to No Parking notices/areas which, if not followed, may result in a vehicle being towed away at the expense of the vehicle owner.

THANK YOU!

From the Manchester Half participants and the organising team

The **Manchester Half** has now established itself as a popular late season race. This success is attributed mainly due to the wonderful hosts Trafford & City of Manchester and the continued support from residents and businesses across the area.

The below outlines some of the positive impacts from last year's Manchester Half, thank you so much for your support in making these happen.

NEARLY £7 MILLION INJECTED INTO THE GREATER MANCHESTER ECONOMY

Over 58,000 spectators and participants were offered a warm welcome to Trafford and Manchester from all over the UK and abroad last October, taking the opportunity to sample some of Manchester's finest hospitality and with over 18,000 staying in accommodation overnight.

MORE THAN £1.1 MILLION RAISED FOR LOCAL AND NATIONAL CHARITIES

Our events have a positive impact on a wide range of Greater Manchester communities, such as charities, schools, corporate health and wellbeing and more.

£21,000 DONATED BY THE MANCHESTER MARATHON INTO THE TRAFFORD ACTIVE FUND

The fund aims to build a long-lasting sport and physical activity legacy in Greater Manchester, by getting residents more active, more often.

OVER £12,000 DONATED BY THE MANCHESTER HALF TO LOCAL VOLUNTEER GROUPS WHO HELPED AT THE EVENT

PLEASE READ

IMPORTANT ROAD CLOSURE INFORMATION FOR RESIDENTS + BUSINESSES SUNDAY 12TH OCTOBER 2025

Over 26,000 participants have signed up to take on the **2025 Manchester Half** this October.

This leaflet has been delivered to your premises because it is either directly on the event route or a short distance from it and may be affected by road closures and parking restrictions.

The route will remain similar to the 2024 edition, with the start just past the White City Arch, before looping round Wharfside past the iconic Old Trafford stadium - home of Manchester United Football Club. The route continues South along the A56, before circling back via Sale and heading back to

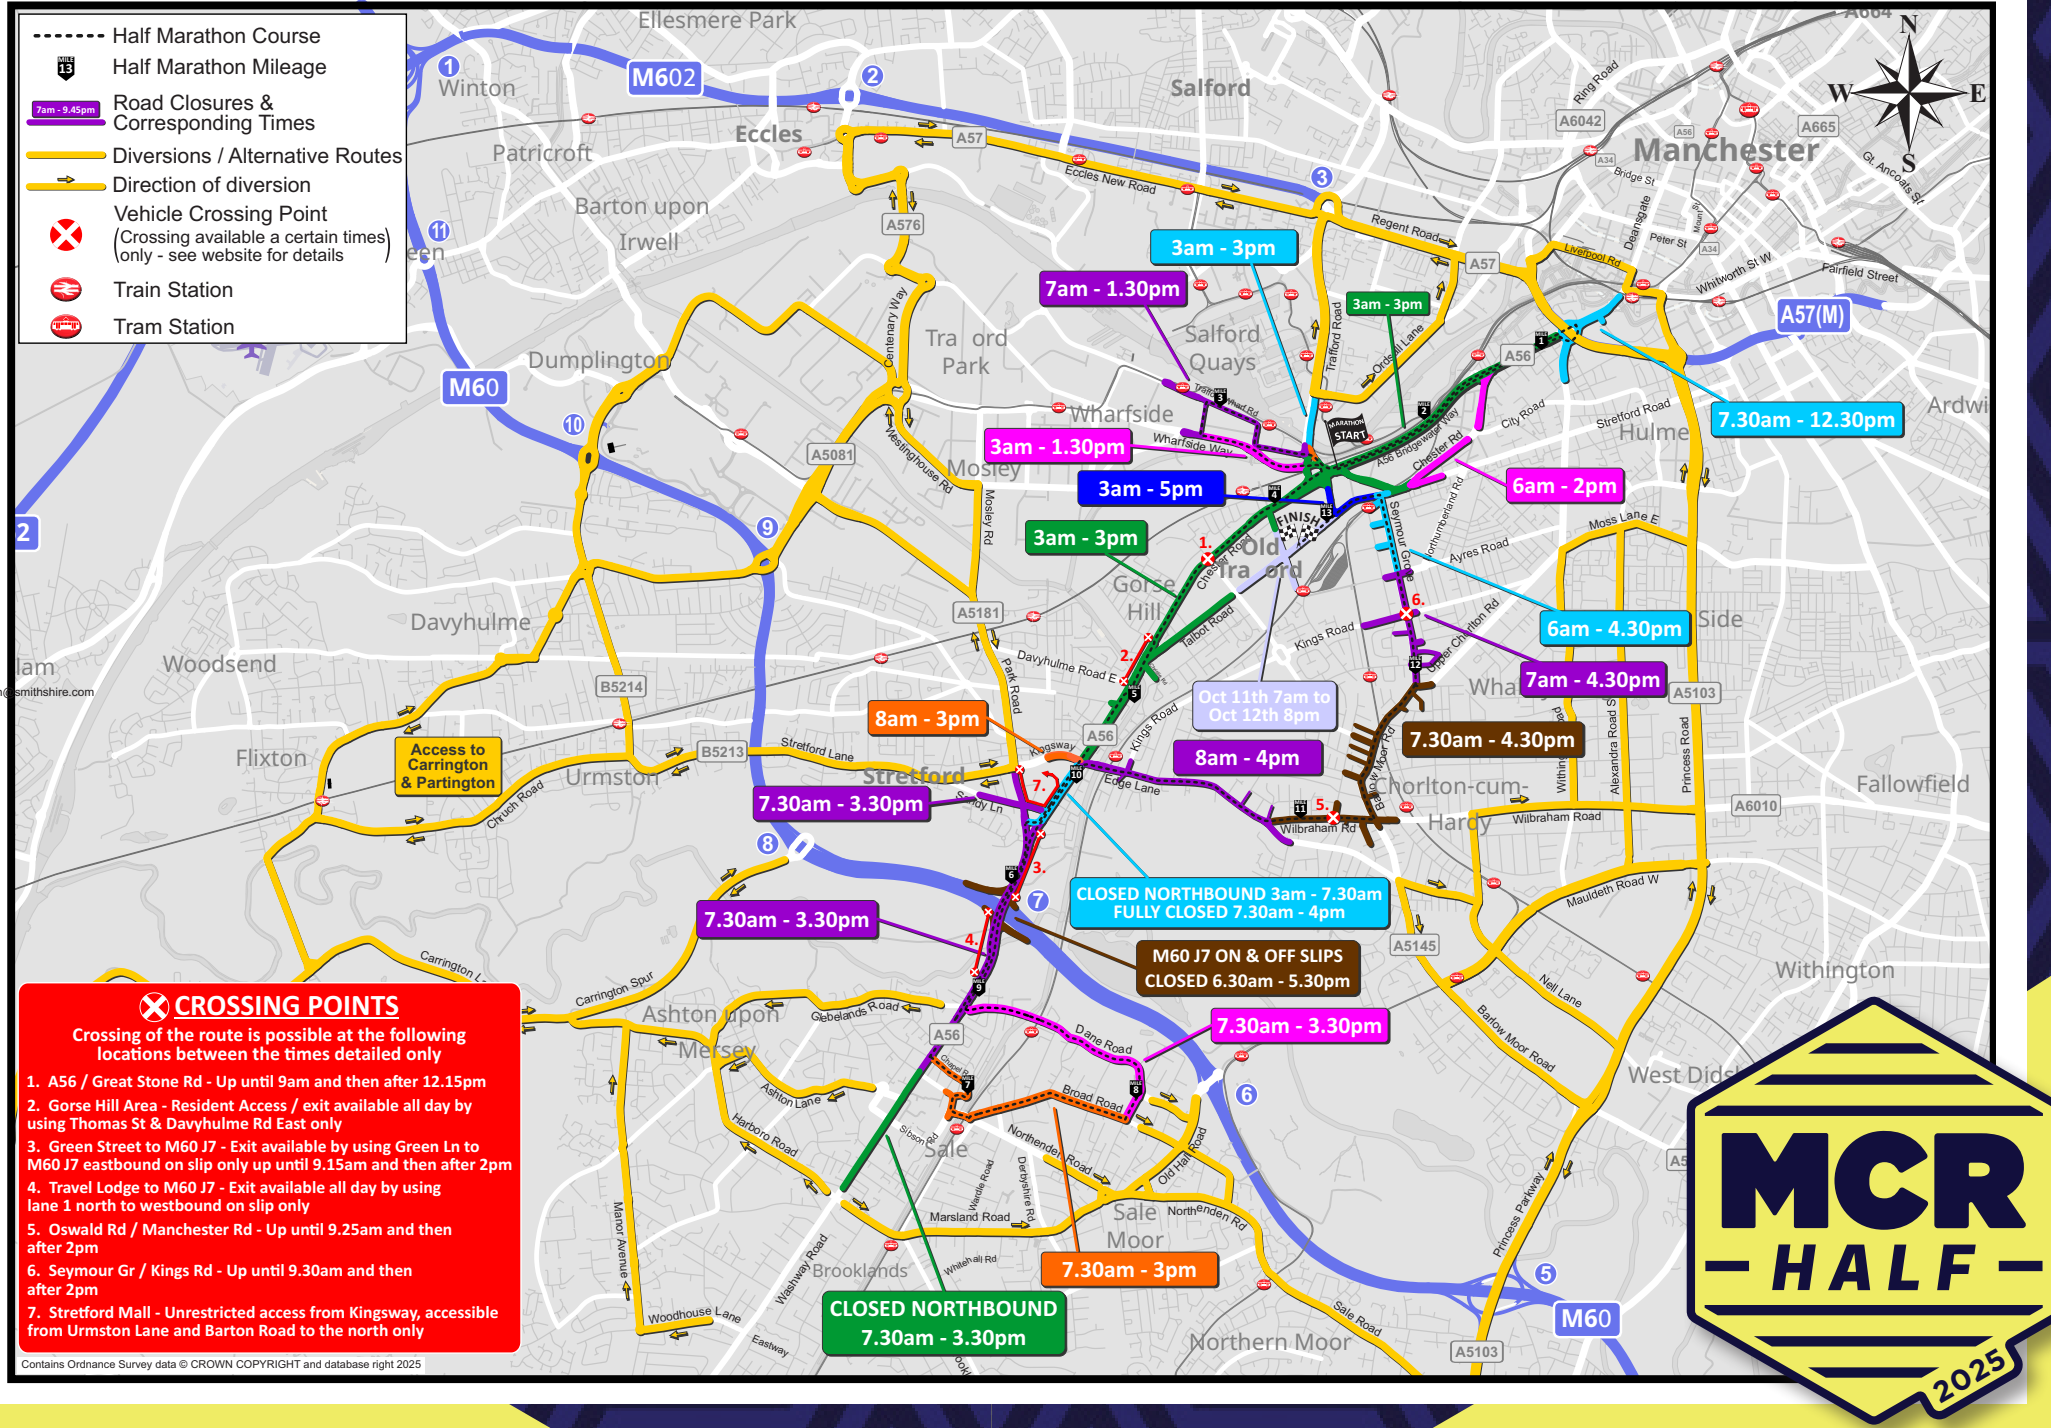

its popular finish near Lancashire Cricket Club.

Arrangements for the event are subject to review and evaluated every year to facilitate a safe event for all.

Please visit www.manchesterhalfmarathon.com/road-closures regularly in the lead-up to the event and for the most up to date information and detailed area maps.

Please direct specific queries to roadclosures@aso-uk.com

BE A PART OF THE BIG DAY!

VOLUNTEERING

Volunteering is a fantastic way to engage with sporting events, develop skills, and make a valuable contribution as part of our team. We're looking for enthusiastic, proactive, and practical volunteers to fulfil a variety of roles across the event.

We love to have local groups volunteering at the event, and in reward for their valuable time, groups receive a monetary donation to their organisation/club. This can then be used for club away days, new kits, entry fees and more.

We are actively recruiting both individual volunteers and groups to support the event in various roles on event day to help create an amazing atmosphere and to help the event run smoothly. If you are interested or know of any local clubs/organisations who would enjoy being part of the action in a volunteer role, please pass on or visit our website for further details. Thank you.

MYTH BUSTING ANSWERS TO SOME COMMONLY ASKED QUESTIONS

WHAT IF WE NEED THE EMERGENCY SERVICES?

Access for vehicles on a 999 emergency call is possible to all areas. We work closely with Greater Manchester Emergency Services both during planning and in our control room on the day to ensure that all areas affected by the road closures can still be reached by Emergency Services on a blue light 999 call.

THE ROUTE IS CLOSED TO PEDESTRIANS?

The roads are closed to all road users, including cyclists & cars, but the pavements are open and pedestrians can use them and cross over the route when safe to do so.

THE COST TO MANCHESTER RESIDENTS &/OR THE NHS?

All planning and event costs, such as road closures, stewarding, medical cover, equipment, etc are covered by us, the organisers.

LITTERING.

We have cleansing teams working on the event day and in the days afterwards. Our teams collect litter from the event and dispose of it correctly. Where possible our aim is to recycle as much as we can.
